

# Italian Cast Stone

## Colors & Textures

One of the great benefits to Architectural PreCast is that the color runs all the way through the material.

All of our standard colors are available in Standard and Light Smooth textures. Custom colors and textures are available for an additional cost.

---

### Standard

### Grigio

### Light Smooth

### 50/50

### Bianco

### Panna

### Scarola

### Oscuro

The color and texture samples shown are approximate and are the best possible representation of the actual appearance of the precast.
